

8/15/25

To our Valued Leemco Distributors,

Due to the recent feedback, we have decided to eliminate the 15% tariff line item charge and move forward with implementing a 10% increase effective on **Monday, September 15, 2025**. Please note we will not be changing our current price lists (Effective 3/3/25) instead proceeding with temporary multipliers/discounts from our current list pricing. Leemco's prepaid freight minimum remains at \$5,000 net in the USA (excluding Hawaii). This 10% increase might be temporary, but it will ultimately depend on the current trade administration's final tariff results with foreign countries. Leemco will honor all existing quotes in our system dated before Monday, July 21, 2025.

New multiplier/discounts... Effective 9/15/25

CAT A: x.60 (40% off list price)
CAT B: x.66 (34% off list price)
CAT C: x.77 (23% off list price)
CAT D: x.83 (17% off list price)
CAT E: x.61 (39% off list price)

If you have any questions, please contact Leemco (909) 422-0088 or your local Leemco Sales Representative. We appreciate your understanding in these unusual circumstances, and we greatly appreciate your continued business!

Sincerely,

Nunzio DiChristopher, Jr.
President – Leemco, Inc.
